

Disclosure - concerning Alan Horvath and Incorporation

Alan Horvath – officer of Halleluyah Scriptures Inc.

Alan denies that he was voluntarily an officer in HS Inc. incorporated by Ted Ramp, this is not true. Here are the facts.

First, understand that we were asked to start the non-profit organization in Fort Wayne, by Debra. And we were instructed who to put on as officers. This early in our involvement we trusted that she was being honest like each of you who read this. I also had one conversation with Alan on the phone but cannot document anything said there. But he had volunteered any information that was needed to help with the incorporating. According to Debra we could have his social security number too (said in a conversation). You will notice that Debra was fully aware of everything with the accounts, etc. (Except she did not physically control them.) Did she lie to Alan? I don't know. But I did give weekly updates and balances to Debra. I also gave monthly reports on the bank statements.

WE WILL SIMPLY PRESENT THE TRUTH AND EVIDENCE YOU DECIDE WHAT YOU WILL DO.

Alan sent me this.

That is a premise anyone at H.S. understood and acted upon. So when she told us “the Team says...” we expected that was true. I will highlight pertinent instructions.

So here are the instructions:

marilyns for HS, but anyone can use any credit card. it does not matter.. but i am stressed out a bit as want to get this first leg in place.. web helper just got our emails in and there is near 300 to sort out.. unbelievable. do you have a CC, we do not . I asked Erik for the HS one but that may take a bit.. but he will pay pay you the amount straight away it is just the way he is.. whatever is easier for him. much love you will need me for the form, I cannot see the form but you read some of the questios and I give you the details like who the others are to be added to the paper work like Alan and Manuel as they are in the US we are not and ther others mostly as not.

OH HALLELUYAH HALLELUYAH.

The directors will be .. and you can place them anywhere..as there is a president treasure.. that is you and secretary.

so you have

Ted
Robin
Alan
Manuel

We cannot be as we do not live in the USA.. HalleluYah we do not live there.

Once that is filed then we need to organize the 501 we need to talk about that.

The most urgent thing is the bank account and when you talk to your bank you can let them know what we are putting in place and if we can get an account in HS name if not how else for now until we get the paper work done.

Then a pay pal account, we can use Ted's and add the HS email address(we have a separte email for pay pal that the web helper set up last week for you).

Call me to go through a bit of this it is simple and not hard.. I asked Erik for a write up and he said this

add donations to spreadsheet that is all and email Shalom list once a week.. what the ghenna is all that.. ha ha ha

never really had cash, well I do not know as he does not really mark cash, i think there might have been a couple but I do not know as I do not deal with the funds.

It would be good to clear the pay pal every few days but you can choose what you take out of these so you do not go over the limit of deposit for that day..

How long does it take to get a tax number or what ever you call it at your end.I can get it today if I can understand their crazy wording. the form doesn't come with much instructions.

Mail will start to come in and a regular check of 118.00 from ***** (a lovely brother) that is for storage so it would go in that other account we talked about.**will get a savings account as well. that will not effect the other account except maybe give us a break in fees due to having more than one account.**

much love ditto! did you grow up with "ditto" machines in school?

did I email you who erik emails us the list each week? not sure/ tell me again in case you didn't.

that helps a lot. for some accounts you have to purchase the checks, some give them to you free. depending on the account, we can get them. will receive interest since it is for nonprofit, if choose that account. It will work out.

This is what Erik said about the account

5-10 check per week. (it is mostly under 10)
Checking account is a business account,
They charge a \$2.50 monthly service fee for the checking account.

Funny he sais checking account and we have asked him in the pass to send a check out and he said we do not have checks.. much be different in your country ave

much love marching on

The most important thing Alan said is get the funds off Erik asap, he knows you are working so hard to do that HalleluYah, if Erik is talking to Marilyn it might be a good excuse to hold the funds as he will be exposed and may try to add to Marilyns so called suffering as Erik know there will be a lot of questions for him.

The pay pal is the most urgent thing as that stops the funds going to Erik, we know that will take a bit of time but lets us pray he releases it all. I am worried to ask him to transfer the bank funds as he will cut off the pay pal and anything comes in he will keep. I have asked him to transfer the mail to you and you may need to ask that.

So once the pay pay is set up and transfered we will do that with the web helper before telling Erik and make sure it all works first then if it is alright can you email him and say it is done and can you transfer the HS funds to this address and the HS mail to this box number, kindly confirm it is done to me.. it is best Ted you deal with them as he hates me and always has as I have tried to bring him to accountability.. I would not ask for bank statments or pay pal statements or receipts until all the funds are in the account and also the pay pal has been switched over.. otherwise he will cut the pay pal and walk away and we want everything over first before we ask him for these things.

Alan said he is always there when you need him and will do anything for you that you need or suggest to make things easier and if you want to call him do anytime., he has a new number so ask him for that.

Hubby is here but he is only on the net twice a week for an hour at a time but he is there.

Much love and we pray all will fast and pray and pray for you guys for the strength, Alan and us as we keep it personal are praying and fasting for a release for you and the Father to provide for your family and a new job with little hours for you.. Alan said wow ted is doing a lot, it seems a handful is doing the most work but He will give us strength and engery and it will not be easy as the enemy hates the HS and the audio with passion and is trying to destory it but Alan said they are playing with deadly fire and will be

burned.. but we have to put our engery into getting things in place and ignoring their wickedness.. but Alan said I have the worst as I deal with the emails it is like 3000 dogs coming at me and I am by myself in a field.. not saying I am more important just I deal with the emails.

Let us pray and fast that the enemy is bound and rebuked away from Marilyn and her lot. I take it all personally and love His Word with a passion and feel so sad that people attack His Word because of me.. I am nothing but He is everything.

Let me know what she is doing with the stock and I will get a truck sorted.

Someone needs to call the storage place to have the lock changed and be informed that we are organizing a truck to shift the stock and will need their hours of work and how much we will owe them and who are we to get the truck people to talk to to get the stock.

I cannot ring them as I am in bed. Can someone at your end kindly do this

I want to say something here. Despite the fact that we set up H.S. Inc., picked up the stock in Georgia, and started mailing packages...I had gotten severely ill with the flu during the first two weeks of January right as everything was moving full force. Right after that Alan was in the hospital nigh to death. We didn't bother updating anyone about the status of the 501c3 nor the rest of the paperwork during that time. You can see from the timeline that is in the Disclosure Document that it was only a few weeks later that problems were evident and everything halted. In the email exchange below you can see that Alan knew he was one of the officers. (emphasis mine)

To the Halleluyah Scriptures Team

After much prayer and fasting it is with sadness that I need to inform you that the Father has confirmed to us that we, Robin and I, are no longer going to function as postal agents for HS.

As well I will not be functioning as the Accounts Brother for HS.

It is my desire to carry on what I had originally offered to serve in for the audio project as the narrator. I would like to complete that project.

What needs to take place to make this transition as smooth as possible is for the HS team to find and designate at least two United States citizens and add their names to the organization. (We can add these names and remove our names). Alan Horvath is already one of the officers (the Vice President). Robin Ramp is currently the Secretary and Ted Ramp is the President. So there will need to be two other people besides Alan to be part of this. They will need to do the following....

1. "Fill out the appropriate forms at the state department that handles corporate filings to register your nonprofit in the new state. For example, in Florida, the State Division of Corporations, the Department of Revenue and the Department of Agriculture Division and Consumer Services all have required filings for nonprofits."

2. Open a bank account in the name of Halleluyah Scriptures Inc.

3. Open a new PayPal account for Halleluyah Scriptures Inc.

4. Complete the filing for TAX-Exempt status as a 501c3 organization. That process is not complete. You have up to 2 years from the inception of the organization to complete it according to the Internal Revenue Service. We received Non-Profit status for Halleluyah Scriptures Inc. on Dec. 11, 2012. Therefore you have at least 21 more months to get that accomplished.

5. Set up a new P.O. Box where all incoming mail can be received. We can have a change of address which will forward all mail to that new P.O. Box. That was not possible with the address in California but will be possible for our current P.O. Box. So again it will be seamless once the new P.O. Box is set up.

This must take place for us to transfer all funds over to the person who will run the bank accounts. According to the by laws of Halleluyah Scriptures Inc. if the organization is to dissolve all funds must go to another non-profit organization. Therefore it would be better for someone to just take our place and set up new bank accounts in the Halleluyah Scriptures Inc. name and then I can move the money seamlessly to the new accounts that would also keep the same Employment Identification Number (EIN) referred to as a tax number. This transfer will be immediate when set up. We can close the current accounts and destroy the current bank cards. It would be wise to set up the bank accounts and then the new Pay Pal account. Then the web-master can switch to the new PayPal as we did before. All all new funds will then go to your new bank accounts and we can then send the rest of the funds.

We will complete current orders that have been given to us and assist in getting the new postal agents up and running by making sure they have the supplies they need to carry the work. I'm going to the bank tomorrow to see about getting re-loadable Credit Cards for the postal agents to make the transition even easier.

There will be **full disclosure** to all we do and have done to you as the HS team. We will turn over all receipts, all bank account and PayPal statements, and email accounts etc. so that you know exactly what has been done and where the funds are and have gone.

It is not our desire to harm the work of HS. We will return all materials, lists, spreadsheets, hardware, and product. We have no desire to slander nor fight with HS.

This has been a difficult and is a painful process. But we cannot continue to work in these positions under the current circumstances.

Just for your information as postal agents we have processed 683 orders in the last 8 weeks an average of 85 per week. From Pay Pal and the orders we receive through the mail the average per week has been 60-70 orders. We have faithfully done what we can in this area, not that everything has been error free. Yet, we cannot increase this load nor make it any faster as has been requested. That is the best we can do.

We know that you will need some time to take care of these actions. Please expedite them. We are sending much stock in the next week to the new postal agents, Kathy and Manuel. We are supposed to receive the 27 boxes of the Names books and bookmarks in the next couple of weeks. As well we are supposed to receive 251 cases of new product from China in the next several weeks. It is in the best interest of HS to have that shipment re-routed to another location. If however that is not possible at this point arrangements can be made to re-ship the stock to the new postal agents after initial delivery.

We did not seek these positions of postal agent and accounts brother. They were asked of us in the time of difficulty and we offered to serve in these capacities. Now that there are two other postal agents that will be taking on the majority of the work it is safe to pass this to them. I encourage you to add two other postal agents as Shalom had indicated was going to be done so that there are four. It is a large work. I'm sure that there are others you trust that can handle the accounts job.

Peace in Yahushua our Messiah

Ted Ramp Prov.3:5,6
